#### Market Review, Outlook & Strategy

##### Market Review

During the fourth quarter of 2024 (Q4 2024), there were several significant events that impacted global markets one of them being the conclusion of the U.S. elections with Donald Trump's victory and the Republican sweep of both legislative houses. President-elect Trump has “trumpeted” various protectionist policies which entails trade hostilities and lower taxes, potentially leading to wider fiscal deficits and inflationary pressures.

While the appointment of Scott Bessent as US treasury secretary moderated some of the uncertainties surrounding Trump’s global wide tariffs and widening fiscal deficit policies, markets remained on edge as current progress on inflation slowed down during the quarter. Core personal consumption expenditure (PCE) index, the Fed’s preferred inflation gauge, have been hovering around between 2.7% and 2.8% YoY since Jul’24 as the economy remained supported by strong consumer spending and a robust labour market. The U.S. economy continued its moderate expansion, with gross domestic product (GDP) growth for the third quarter posted an annualized rate of 3.1%.

In light of this, the Federal Open Market Committee (FOMC) cut its interest rate by 25 basis points (bps) to 4.25% - 4.50% in Dec’24 as widely anticipated by the market. However, the updated dot plot indicated a much shallower rate cut path next year, with the number of cuts expected falling from four to two. This sets the upper bound of the interest rate at 4.00% by the end of 2025. US treasuries (UST) yields jumped as future cuts were priced out, with the 2-year and 10-year UST yields closing at 4.35% and 4.51%, respectively (compared to 4.22% and 4.39% pre-FOMC).

There was an overall sell down in the bond market during the last quarter of 2024, with yields rising 60 – 83 basis points (bps) across the curve. The yield curve steepened as long-term yields jumped with investors anticipating inflation to remain high. The 2-year UST rose 60 bps to 4.24% while the 10-year UST closed the quarter at 4.57% (79 bps increase), resulting in a spread of 33bps at the end of 2024.

In the Eurozone, we saw the ECB cut rates twice during the fourth quarter of 2024, both by 25 bps as the central bank continue to combat slowing economic growth in the region. Inflation remains under control, with the ECB president Christine Lagarde reassuring that inflationary pressures have largely subsided and emphasized that the weaker economic outlook would be a downside risk to inflation. This indicates that the ECB will remain on its rate cut path in 2025 to stimulate economic growth. The Eurozone’s manufacturing sector remained in the contractionary zone, with the latest Manufacturing PMI in Dec’24 registering at 45.2, its 21st consecutive monthly decline. Despite the relatively stable services sector (Oct’24: Expansion; Nov’24: Contraction; Dec’24: Expansion), growth risks have risen, with Trump’s tariff policies still posing a potential headwind to growth in 2025.

China's economic policy in Q4 2024 focused on bolstering its economy through various stimulus measures. These measures included adjustments to monetary policy rates, support for the real estate and equity markets, and large fiscal packages. Despite these efforts, China's economic recovery remained rather gradual, with key economic data for November indicated slight improvements in the manufacturing sector and industrial production. Having deployed several stimulus measures to support its economy throughout the year, China is expected to just meet its growth target of around 5% in 2024. The path to recovery in 2025, however, remains bumpy amid an ongoing property market crisis, weak consumer sentiment and heightened trade tensions. In Malaysia, the 2025 Budget announcement in October saw a higher budget allocation of RM421 billion while maintaining fiscal consolidation, with fiscal deficit expected to decrease to 3.8% of GDP for 2025, from 4.3% expected for 2024 (2023: 5%). The budget is perceived as mildly positive for the bond market, due to the anticipated reduction in the net government bond supply.

The Malaysian economy continued to demonstrate resilience, with third quarter GDP exceeding expectations at 5.3%, driven by robust domestic consumption and a rebound in manufacturing and construction activities. Inflation remained subdued, with CPI hovering around 1.8% YoY for the last three months of 2024. Looking forward, inflation is expected to be higher in 2025 due to several factors such as the upcoming civil servant salary hike in Dec'24, the rationalization of the RON95 subsidy and the increase in base electricity tariff. Meanwhile trade balance continued to widen, as exports rose significantly, primarily attributed to strong demand for Electronics & Electrical (E&E) products and machinery appliances & parts, while imports grew at a slower rate. Future trade growth would continue to be supported by rising demand in the semiconductor space.

Despite the volatility of the UST, Malaysian Government Securities (MGS) yields were relatively muted during the quarter. The overall yield curve flattened, with yields ending between 0 to 15 bps higher. The quarter also saw the auction of the 10-year MGS being brought forward from November to replace the cancelled 3-year Government Investment Issues (GII) issuance. The bid to cover continues to be strong at 2.02x. Meanwhile the 2025 auction calendar which was recently released saw a total of 36 auctions scheduled, similar to 2024. There is, however, a slight change in auction tenors, with the longer tenors seeing a higher number of auctions next year. In contrast, the number of auctions for the 7-year and 10-year tenors fell to four and six respectively, compared to six and seven auctions recorded in 2024.

### **Market Outlook**

We expect 2025 to be a relatively volatile year, with the Trump administration seeking to implement their protectionist policies which could dampen economic growth and impact labour markets. This in turn could lead the Fed to cut interest rates more than initially expected to prevent a significant rise in unemployment rates. Nonetheless, we note that monetary policy decisions would remain data dependent given ongoing economic uncertainty and market volatility.

Locally, improving trade performance is expected to sustain economic growth, as the electrical and electronics sector continue to benefit from the global tech cycle upturn. With inflation remaining under control coupled with a robust economy, we expect the Overnight Policy Rates (OPR) to remain steady at 3.00% for the time being.

### **Strategy**

As the fund's focus is on capital preservation and liquidity, we will continue to invest in high quality, liquid, and short-dated bonds/commercial papers with minimal risk.

# Opus Cash Extra Fund

## MANAGER'S REPORT - FOR FINANCIAL YEAR ENDED 31 DECEMBER 2024

### Performance: Outperformed benchmark by 16.29% since inception

As at 31 December 2024, the Fund was 85.59% invested while 14.41% was held in cash. The Fund's TWRR since inception was 66.23% compared to the benchmark of 49.94%, which is the accreted value since inception of the Maybank 1-Month Fixed Deposit Rate. Hence, the Fund outperformed the benchmark by 16.29%. For the calendar year-to-date period, TWRR for the fund was 3.19% against the benchmark TWRR of 2.43%. The Fund had a duration of 11.6 months. The average rating of the portfolio was AA2.

## **Opus Cash Extra Fund**

### **MANAGER'S REPORT - FOR FINANCIAL YEAR ENDED 31 DECEMBER 2024**

---

#### **INFORMATION ON THE OPUS CASH EXTRA FUND (OPUS CEF or “the Fund”)**

<b>Fund Name</b>	<b>: Opus Cash Extra Fund</b>
<b>Category</b>	<b>: Short Term Fixed Income Securities</b>
<b>Type</b>	<b>: Income</b>
<b>Fund's Launch Date</b>	<b>: 1 June 2009</b>
<b>Financial Year End</b>	<b>: 31 December</b>
<b>Benchmark</b>	<b>: Maybank 1-Month Fixed Deposit Rate</b>

#### **Investment Objective**

The Fund's objective is to achieve higher returns than 1-Month Fixed Deposit Rate over the short to medium term and to provide liquidity while preserving capital.

*Note: The manager regards 1-3 years as short term.*

#### **Investment Strategy**

The Fund may invest primarily in high quality fixed income securities including government securities, commercial papers, corporate bonds and money market instruments. The Fund will be actively managed to provide liquidity to meet the short to medium term cash flow requirement. The Manager may allocate up to 100% of the Fund in fixed income securities or up to 100% of the Fund in cash, liquid assets or other permitted investments. The average duration of the portfolio shall not be more than two (2) years.

**Distribution Policy**

The Fund intends to distribute income, if any, at least once a year on best effort basis. The Fund may distribute from realised income, realised gains and/or capital. However, the Manager reserves the right not to distribute at its absolute discretion.

The rationale for distributing out of the Fund's capital is to allow the Fund the flexibility to (i) declare distribution in unforeseen circumstances where the Fund has insufficient realised gains and/or realised income to do so, or (ii) increase the amount of distributable income to the Unitholders, after taking into consideration the risk of distributing out of capital.

Distribution out of the Fund's capital has the effect of lowering the NAV of the Fund, may reduce part of the Unitholders' original investment and may also result in reduced future returns to Unitholders. When a substantial amount of the original investment is being returned to the Unitholders, it has a risk of eroding the capital of the Fund and may, over time, cause the NAV of the Fund to fall. The greater the risk of capital erosion that exists, the greater the likelihood that, greater the likelihood that, due to capital erosion, the value of future returns would also be diminished.

# **INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF OPUS CASH EXTRA FUND**

## **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

### **Opinion**

We have audited the financial statements of OPUS CASH EXTRA FUND (“the Fund”), which comprise the statement of financial position as at 31 December 2024, and the statement of comprehensive income, statement of changes in net asset value and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 15 to 71.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 December 2024 and of its financial performance and its cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Independence and Other Ethical Responsibilities*

We are independent of the Fund in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants (“By-Laws”) and the International Ethics Standards Board for Accountants’ *International Code of Ethics for Professional Accountants (including International Independence Standards)* (“IESBA Code”), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### **Information Other than the Financial Statements and Auditors' Report Thereon**

The Manager of the Fund is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

## **INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF OPUS CASH EXTRA FUND (CONTINUED)**

### **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)**

#### **Information Other than the Financial Statements and Auditors' Report Thereon (Continued)**

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Manager and Trustee for the Financial Statements**

The Manager of the Fund is responsible for the preparation of financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error. The Trustee is responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable fair presentation of these financial statements.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intend to liquidate the Fund or to terminate the Fund, or have no realistic alternative but to do so.

#### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## **INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF OPUS CASH EXTRA FUND (CONTINUED)**

### **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)**

#### **Auditors' Responsibilities for the Audit of the Financial Statements (Continued)**

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying material accounting policy information and notes to the financial statements form an integral part of these financial statements.

## OPUS CASH EXTRA FUND

### MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

The following accounting policies have been used in dealing with items which are considered material in relation to the financial statements.

#### A Basis of preparation of the financial statements

The financial statements of the Fund are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under material accounting policy information, and in compliance with Malaysian Financial Reporting Standards (“MFRSs”) and International Financial Reporting Standards (“IFRSs”).

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported financial year. It also requires the Manager to exercise their judgement in the process of applying the Fund’s accounting policies. Although these estimates and judgement are based on the Manager’s best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note K.

- (a) During the current financial year, the Fund has adopted the following amendments to accounting standards (including the consequential amendments, if any):-

<b>Amendments to MFRSs (Including The Consequential Amendments)</b>
Amendments to MFRS 16: Lease Liability in a Sale and Leaseback
Amendments to MFRS 101: Classification of liabilities as Current or Non-current
Amendments to MFRS 101: Non-current liabilities with Covenants
Amendments to MFRS 107 and MFRS 7: Supplier Finance Arrangements

The adoption of the above amendments accounting standards (including the consequential amendments, if any) did not have any material impact of the Fund's financial statements.

- (b) The Fund has not applied in advance the following accounting standards (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial year:-

<b>MFRSs (Including The Consequential Amendments)</b>	<b>Effective Date</b>
Amendments to MFRS 121: Lack of Exchangeability	1 January 2025
Amendments to MFRS 9 and MFRS 7: Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
Annual Improvements to MFRS Accounting Standards - Volume 11	1 January 2026
MFRS 18 Presentation and Disclosure in Financial Statements	1 January 2027

## OPUS CASH EXTRA FUND

### MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### A Basis of preparation of the financial statements (continued)

- (b) The Fund has not applied in advance the following accounting standards (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial year:-  
(continued)

<b>MFRSs (Including The Consequential Amendments)</b>	<b>Effective Date</b>
MFRS 19 Subsidiaries without Public Accountability Disclosure	1 January 2027
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred

The adoption of the above accounting standards (including the consequential amendments, if any) is expected to have no material impact on the financial statements of the Fund upon its initial application.

#### B Income recognition

Interest income from deposits with licensed financial institutions and unquoted fixed income securities are recognised on an accrual basis using the effective interest method.

Realised gain and loss on sale of unquoted fixed income securities is measured by the difference between the net disposal proceeds and the carrying amounts of investment, calculated on the weighted average cost basis.

Realised gains and losses on sale of collective investment scheme is accounted for as the difference between the net disposal proceeds and the carrying amount of the collective investment scheme, determined on a weighted average cost basis.

#### C Distribution

Distributions are at the discretion of the Fund. A distribution to the Fund's unitholders is accounted for as a deduction from realised reserve. A proposed distribution is recognised as a liability in the period in which it is approved for appropriation.

#### D Taxation

Current tax assets and liabilities are expected amount of income tax recoverable or payable to the taxation authorities.

Current taxes are measured using tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period and are recognised in statement of comprehensive income except to the extent that the tax relates to items recognised outside statement of comprehensive income (either in other comprehensive income or directly in equity).

## **OPUS CASH EXTRA FUND**

### **MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

#### **E Presentation and functional currency**

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”), which is the Fund’s presentation and functional currency.

#### **F Financial instruments**

Financial assets and financial liabilities are recognised in the statement of financial position when the Fund has become a party to the contractual provisions of the instruments.

Financial instruments are classified as financial assets, financial liabilities or equity instruments in accordance with the substance of the contractual arrangement and their definitions in MFRS 132. Interest, dividends, gains and losses relating to a financial instrument classified as a liability are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Fund has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

A financial instrument is recognised initially at its fair value. Transaction costs that are directly attributable to the acquisition or issue of the financial instrument (other than a financial instrument at fair value through profit or loss) are added to/deducted from the fair value on initial recognition, as appropriate. Transaction costs on the financial instrument at fair value through profit or loss are recognised immediately in profit or loss.

Financial instruments recognised in the statement of financial position are disclosed in the individual policy statement associated with each item.

##### Financial assets

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value (through profit or loss, or other comprehensive income), depending on the classification of the financial assets.

##### *Debt instruments*

###### (i) Amortised cost

The financial asset is held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset. When the asset has subsequently become credit-impaired, the interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset.

## OPUS CASH EXTRA FUND

### MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### **F Financial instruments (continued)**

##### Financial assets (continued)

##### *Debt instruments (continued)*

##### (i) Amortised cost (continued)

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), excluding expected credit losses, through the expected life of the financial asset or a shorter period (where appropriate).

##### (ii) Fair value through other comprehensive income

The financial asset is held for both collecting contractual cash flows and selling the financial asset, where the asset's cash flows represent solely payments of principal and interest. Movements in the carrying amount are taken through other comprehensive income and accumulated in the fair value reserve, except for the recognition of impairment, interest income and foreign exchange difference which are recognised directly in profit or loss. Interest income is calculated using the effective interest rate method.

##### (iii) Fair value through profit or loss

All other financial assets that do not meet the criteria for amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss.

Regular purchases and sales of financial assets are recognised on the trade date, the date on which the Fund commits to purchase or sell the asset. Investments are initially recognised at fair value. Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value.

Unrealised gains or losses arising from changes in the fair value of the financial assets at 'fair value through profit or loss' category are recognised in the statement of comprehensive income in the financial year in which they arise.

## OPUS CASH EXTRA FUND

### MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### F Financial instruments (continued)

##### Financial assets (continued)

##### *Debt instruments* (continued)

##### (iii) Fair value through profit or loss (continued)

Unquoted fixed income securities denominated in Ringgit Malaysia are revalued on a daily basis based on fair value prices quoted by a bond pricing agency (“BPA”) registered with the Securities Commission of Malaysia (“SC”). Where such quotations are not available or where the Manager is of the view that the price quoted by the BPA for a specified unquoted fixed income securities differs from the market price by more than 20 basis points, the Manager may use the market price, provided that the Manager:

- (i) Records its basis for using a non-BPA price;
- (ii) Obtain necessary internal approvals to use the non-BPA price; and
- (iii) Keeps an audit trail of all decisions and basis for adopting the market yield.

The Fund reclassifies debt instruments when and only when its business model for managing those assets change.

##### Financial liabilities

##### (i) Financial liabilities at fair value through profit or loss

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. The changes in fair value of these financial liabilities are recognised in profit or loss.

##### (ii) Other financial liabilities

Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

## OPUS CASH EXTRA FUND

### MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### F Financial instruments (continued)

##### Financial liabilities (continued)

##### (ii) Other financial liabilities (continued)

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), through the expected life of the financial liability or a shorter period (where appropriate).

##### Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or when it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the carrying amount of the assets and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of a debt instrument classified as fair value through other comprehensive income, the cumulative gain and loss previously accumulated in the fair value reserve is reclassified from equity to profit or loss. In contrast, there is no subsequent reclassification of the fair value reserve to profit or loss following the derecognition of an equity investment.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

## **OPUS CASH EXTRA FUND**

### **MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

#### **F Financial instruments (continued)**

##### Impairment of financial assets

The Fund recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost or at fair value through other comprehensive income, the receivables, deposits with financial institutions and cash at bank.

The expected credit loss is estimated as the difference between all contractual cash flows that are due to the Fund in accordance with the contract and all the cash flows that the Fund expects to receive, discounted at the original effective interest rate.

The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument. The Fund always recognises lifetime expected credit losses for the receivables using the simplified approach. The expected credit losses on these financial assets are estimated using a provision matrix based on the Fund's historical credit loss experience and are adjusted for forward-looking information (including time value of money where appropriate).

For all other financial instruments, the Fund recognises lifetime expected credit losses when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Fund measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

The Fund recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at fair value through other comprehensive income, for which the loss allowance is recognised in other comprehensive income and accumulated in the fair value reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

#### **G Cash and cash equivalents**

Cash and cash equivalents comprise bank balances, deposits with licensed financial institutions, and short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less.

## **OPUS CASH EXTRA FUND**

### **MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

#### **H Management fee rebate**

Management fee rebate is deemed from the collective investment scheme held by the Fund on an accrual basis to ensure no double charging of management fee. It is accrued daily based on the fair value of the collective investment scheme held.

#### **I Unitholders' capital**

The unitholders' capital is classified as equity.

The Fund issues cancellable units, which are cancelled at the unitholder's option and are classified as equity. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's Net Asset Value ("NAV"). The outstanding units are carried at the redemption amount that is payable as at the date of the statement of financial position if the unitholder exercises the right to put the unit back to the Fund.

Units are created and cancelled at the unitholder's option at prices based on the Fund's NAV per unit at the time of creation or cancellation. The Fund's NAV is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

The units in the Fund are puttable instruments which entitle the unitholders to a pro-rata share of the Net Asset of the Fund. The units are subordinated and have identical features. There is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase the units. The total expected cash flows from the units in the Fund over the life of the units are based on the change in the Net Asset of the Fund.

#### **J Segmental information**

Operating segments are reported in a manner consistent with the internal reporting used by chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments that undertakes strategic decisions for the Fund.

## OPUS CASH EXTRA FUND

### MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### **K Critical accounting estimates and judgements in applying accounting policies**

##### *Key sources of estimation uncertainty*

Manager believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year other than as disclosed below:-

##### Fair value estimates for unquoted financial assets

The Fund carries certain financial assets that are not traded in an active market at fair value. The Fund uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. The amount of fair value changes would differ if the Fund uses different valuation methodologies and assumptions, and eventually affect profit and/or other comprehensive income. The carrying amount of these financial assets as at the reporting date is disclosed in Note 4 to the financial statements.

##### Income taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Fund recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax expense and deferred tax balances in the year in which such determination is made.

##### *Critical judgements made in applying accounting policies*

Manager believes that there are no instances of application of critical judgement in applying the Fund's accounting policies which will have a significant effect on the amounts recognised in the financial statements.

## **OPUS CASH EXTRA FUND**

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024**

#### **1 INFORMATION ON THE FUND**

OPUS CASH EXTRA FUND (hereinafter referred to as ‘the Fund’) was constituted pursuant to the execution of a Deed dated 26 May 2009 as amended by a First Supplemental Deed dated 15 November 2010, a Second Supplemental Deed dated 28 January 2011, a Third Supplemental Deed dated 1 July 2011, a Fourth Supplemental Deed dated 15 December 2011, a Fifth Supplemental Deed dated 28 June 2012, a Sixth Supplemental Deed dated 20 November 2013, a Seventh Supplemental Deed dated 28 October 2014, an Eighth Supplemental Deed dated 27 July 2015, a Ninth Supplemental Deed dated 26 October 2015, a Tenth Supplemental Deed dated 6 January 2016, an Eleventh Supplemental Deed dated 6 January 2016, and a Twelve Supplemental Deed dated 22 December 2022 and a Thirteenth Supplemental Deed dated 30 October 2023 between Opus Asset Management Sdn. Bhd. as the Manager and Deutsche Trustees Malaysia Berhad as the Trustee. The Fund was launched on 1 June 2009 and will continue to be in operation until determined otherwise by the Manager or the Trustee as provided under the Deed.

The principal place of business is located at B-19-2, Northpoint Offices, Mid Valley City, No.1, Medan Syed Putra Utara, 59200 Kuala Lumpur.

The principal activity of the Fund is to invest in high quality fixed income securities including government securities, commercial papers, corporate bonds and money market instruments. The objective of the Fund is to achieve higher returns than 1-Month Fixed Deposit Rate over the short to medium term and to provide liquidity while preserving capital.

The Manager, Opus Asset Management Sdn. Bhd., a company incorporated in Malaysia, is principally engaged in the business of fund management and the provision of financial advisory services.

The financial statements were authorised for issue by the Manager on 24 February 2025.

#### **2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Fund is exposed to a variety of risks which include management risk, market risk (inclusive of price risk and interest rate risk), credit risk, liquidity risk, non-compliance risk and capital risk management.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated in the Fund’s Information Memorandum.

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Financial instruments of the Fund are as follows:

	<b>Financial assets at fair value through <u>profit or loss</u> RM</b>	<b>Amortised <u>cost</u> RM</b>	<b><u>Total</u> RM</b>
<b><u>2024</u></b>			
Unquoted fixed income securities	933,763,435	-	933,763,435
Deposit with licensed financial institution	15,120,206	-	15,120,206
Collective investment scheme	21,550,106	-	21,550,106
Cash and cash equivalents	-	146,282,936	146,282,936
Dividend receivable	-	54,382	54,382
Amount due from Manager of collective investment scheme			
- Management fee rebate	-	8,954	8,954
	<u>970,433,747</u>	<u>146,346,272</u>	<u>1,116,780,019</u>
<b><u>2023</u></b>			
Unquoted fixed income securities	815,864,331	-	815,864,331
Collective investment scheme	41,736,086	-	41,736,086
Cash and cash equivalents	-	371,962,827	371,962,827
Dividend receivable	-	152,095	152,095
Amount due from Manager of collective investment scheme			
- Management fee rebate	-	17,527	17,527
	<u>857,600,417</u>	<u>372,132,449</u>	<u>1,229,732,866</u>

#### Management risk

Poor management of the Fund may jeopardise the investment of each unitholder. Therefore, it is important for the Manager to set the investment policies and appropriate strategies to be in line with the investment objective before any investment activities can be considered. However, there can be no guarantee that these measures will produce the desired results.

#### Price risk

Price risk is the risk that the fair value of an investment of the Fund will fluctuate because of changes in market prices (other than those arising from interest rate risk).

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

##### Price risk (continued)

The Fund's overall exposure to price risk was as follows:

	<u>2024</u> RM	<u>2023</u> RM
Unquoted fixed income securities	946,128,174	850,295,301
Interest receivables	9,185,367	7,305,116
	<u>955,313,541</u>	<u>857,600,417</u>

The table below summarises the sensitivity of the Fund's net asset value and gain after tax to movements in prices of investments. The analysis is based on the assumption that the price of the investments fluctuates by 5% with all other variables held constant.

	<u>Change in price of investments</u> %	<u>Market value</u> RM	<u>Impact on gain after tax and net asset value</u> RM
<u>2024</u>	-5	898,821,765	(47,306,409)
	0	946,128,174	-
	5	993,434,583	47,306,409
		<u>946,128,174</u>	<u>0</u>
<u>2023</u>	-5	807,780,536	(42,514,765)
	0	850,295,301	-
	5	892,810,066	42,514,765
		<u>850,295,301</u>	<u>0</u>

##### Interest rate risk

In general, when interest rates rise, unquoted fixed income securities prices will tend to fall and vice versa. Therefore, the net asset value of the Fund may also tend to fall when interest rates rise or are expected to rise. However, investors should be aware that should the Fund hold an unquoted fixed income securities till maturity, such price fluctuations would dissipate as it approaches maturity, and thus the growth of the net asset value shall not be affected at maturity. In order to mitigate interest rates exposure of the Fund, the Manager will manage the duration of the portfolio via shorter or longer tenured assets depending on the view of the future interest rate trend of the Manager, which is based on its continuous fundamental research and analysis.

This risk is crucial since bond portfolio management depends on forecasting interest rate movements. Unquoted fixed income securities with longer maturity and lower yield coupon rates are more susceptible to interest rate movements.

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

##### Interest rate risk (continued)

Investors should note that unquoted fixed income securities (such as the bonds held by the Fund) and money market instruments are subject to interest rate fluctuations. Such investments may be subject to unanticipated rise in interest rates which may impair the ability of the issuers to make payments of interest and principal, especially if the issuers are highly leveraged. An increase in interest rates may therefore increase the potential for default by an issuer.

The table below summarises the sensitivity of the Fund's net asset value to movements in prices of unquoted fixed income securities held by the Fund as a result of movement in interest rate. The analysis is based on the assumptions that the interest rate increased and decreased by 1% with all other variables held constant.

<u>% change in interest rate</u>	<u>Impact on gain after tax/ net asset value</u>	
	<u>2024</u> RM	<u>2023</u> RM
+1%	(390,471)	(221,677)
-1%	409,635	243,652

##### Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause financial loss for the Fund by failing to discharge an obligation. The Fund is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations to make timely repayments of interest, principal and proceeds from realisation of investments. These credit exposures exist within financing relationships, derivatives and other transactions.

The Fund Manager manages the Fund's credit risk by undertaking credit evaluation and close monitoring of any changes to the issuer/counterparty's credit profile to minimise such risk. It is the Fund's policy to buy financial instruments with reputable counterparties. The Manager also closely monitors the creditworthiness of the Fund's counterparties by reviewing their credit ratings and credit profiles on a regular basis.

At the reporting date, the Fund's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position. None of the Fund's financial assets were past due or impaired as at the end of the reporting period.

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

##### Credit risk (continued)

The Manager consider these banks and financial institutions have low credit risks. Therefore, the Manager is of the view that the loss allowance is immaterial and hence, it is not provided for.

The following table sets out the credit risk concentration of the Fund:

	<b>Unquoted fixed income securities RM</b>	<b>Cash and cash equivalents RM</b>	<b>Deposit with licensed financial institution RM</b>	<b>Other Receivables RM</b>	<b>Total RM</b>

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

##### Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations. Liquidity risk exists when particular investments are difficult to sell, possibly preventing the Fund from selling such illiquid securities at an advantageous time or price. Wholesale funds with principal investment strategies that involve securities or securities with substantial market and/or credit risk tend to have the greater exposure to liquidity risk. As part of its risk management, the Manager will attempt to manage the liquidity of the Fund through asset allocation and diversification strategies within the portfolio. The Manager will also conduct constant fundamental research and analysis to forecast future liquidity of its investments.

The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining year as at the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

##### *Maturity Analysis*

	<b>Less than <u>1 month</u> RM</b>	<b>Between <u>1 month</u> <u>to 1 year</u> RM</b>	<b><u>Total</u> RM</b>
<b><u>2024</u></b>			
Amount due to Manager	471,859	-	471,859

Other payables and accruals	-	51,837	51,837
	<u>519,045</u>	<u>51,837</u>	<u>570,882</u>
<b><u>2023</u></b>			
Amount due to Manager	528,644	-	528,644
Amount due to Trustee	52,864	-	52,864
Other payables and accruals	-	52,518	52,518
	<u>581,508</u>	<u>52,518</u>	<u>634,026</u>

##### Non-compliance risk

This is the risk of the Manager not complying with the internal policies, the Deeds of the Fund, all applicable laws or guidelines issued by the regulators. This may occur as a result of system failure or the inadvertence of the Manager. The magnitude of such risk and its impact on the Fund and/or unitholders are dependent on the nature and severity of the non-compliance. Non-compliance may adversely affect the Fund especially if the investment of the Fund has to be disposed of at a lower price to rectify the non-compliance.

#### 2 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

##### Capital risk management

	<u>2024</u> RM	<u>2023</u> RM
The capital of the Fund is represented by equity consisting of:-		
Unitholders' capital	1,105,890,800	1,220,606,652
Retained earnings	10,318,337	8,492,188

The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unitholders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unitholders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

#### 3 FAIR VALUE ESTIMATION

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair values of financial assets traded in active market (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the financial year end date.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques. The Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each year end date. Valuation techniques used for non-standardised financial instruments such as options, currency swaps and other over-the-counter derivatives, include the use of comparable recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

For instruments for which there is no active market, the Fund may use internally developed models, which are usually based on valuation methods and techniques generally recognised as standard within the industry. Valuation models are used primarily to value unlisted equity, debt securities and other debt instruments for which market were or have been inactive during the financial year. Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 3 FAIR VALUE ESTIMATION (CONTINUED)

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds.

Valuations are therefore adjusted, where appropriate, to allow for additional factors including model risk, liquidity risk and counterparty risk.

The fair values are based on the following methodologies and assumptions:

- (i) For bank balances, deposits and placements with financial institutions with maturities less than 1 year, the carrying value is a reasonable estimate of fair value.
- (ii) The carrying value less impairment of receivables and payables are assumed to approximate their fair values. The carrying values of financial assets and financial liabilities approximate their fair values due to their short term nature.

#### Fair value hierarchy

The Fund adopted MFRS 13 “Fair Value Measurement” in respect of disclosures about the degree of reliability of fair value measurement. This requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1, that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes ‘observable’ requires significant judgement by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 3 FAIR VALUE ESTIMATION (CONTINUED)

The following table analyses within the fair value hierarchy the Fund's financial assets (by class) measured at fair value:

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
<b><u>2024</u></b>				
Financial assets at FVTPL				
- Unquoted fixed income securities	-	933,763,435	-	933,763,435
- Deposit with licensed financial institution	-	15,120,206	-	15,120,206
- Collective investment scheme	21,550,106	-	-	21,550,106
	<u>21,550,106</u>	<u>948,883,641</u>	<u>-</u>	<u>970,433,747</u>
<b><u>2023</u></b>				
Financial assets at FVTPL				
- Unquoted fixed income securities	-	815,864,331	-	815,864,331
- Collective investment scheme	41,736,086	-	-	41,736,086
	<u>41,736,086</u>	<u>815,864,331</u>	<u>-</u>	<u>857,600,417</u>

Financial instruments that trade in markets that are considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. Level 2 instruments include unquoted fixed income securities. As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or nontransferability, which are generally based on available market information. The Fund's policies on valuation of these financial assets are stated in Note F.

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 8 MANAGEMENT FEE

In accordance with the Deed, the Manager is entitled to a management fee at a rate not exceeding 1.50% (2023: 1.50%) per annum of the net asset value of the Fund, calculated on a daily basis.

The management fee provided in the financial statements is 0.50% (2023: 0.50%) per annum based on the net asset value of the Fund, calculated on a daily basis for the financial year.

There will be no further liability to the Manager in respect of the management fee other than the amounts recognised above.

#### 9 TRUSTEE'S FEE

In accordance with the Deed, the Trustee is entitled to a trustee fee at a rate not exceeding 1.00% (2023: 1.00%) per annum of the net asset value of the Fund, subject to a minimum of RM7,500 per annum calculated on a daily basis.

The Trustee's fee provided in the financial statements is 0.05% (2023: 0.05%) per annum based on the net asset value of the Fund, calculated on a daily basis for the financial year.

There will be no further liability to the Trustee in respect of the Trustee's fee other than the amounts recognised above.

#### 10 FUND ACCOUNTING FEE

The Fund Accounting fee is computed based on 0.03% (2023: 0.03%) of the net asset value of the Fund calculated and accrued daily before the deduction of the management fee, fund accounting fee and trustee fee for the relevant day subject to a minimum of RM4,500 per annum.

#### 11 TAXATION

(a) Tax charge for the financial year

	<u>2024</u> RM	<u>2023</u> RM
Current taxation	-	-

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 11 TAXATION (CONTINUED)

(b) Numerical reconciliation of income tax expense

The numerical reconciliation between gain before taxation multiplied by the Malaysian statutory income tax rate and the tax expense of the Fund is as follows:

	<u>2024</u> RM	<u>2023</u> RM
Profit before taxation	39,275,482	42,000,123

			2.70	2.70
			2.70	2.70

Gross distribution is derived using total income less total expenses.

Gross distribution per unit is derived from gross realised income less expenses divided by the number of units in circulation, while net distribution per unit is derived from gross realised income less expenses and taxation divided by the number of units in circulation.

	<b><u>2024</u></b>	<b><u>2023</u></b>
	<b>RM</b>	<b>RM</b>
Unrealised gain/(loss) incurred during the financial year	2,183,997	8,467,110

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 12 DISTRIBUTION (CONTINUED)

Composition of distribution payment source and payment mode during the financial year are as follows:

	<u>Composition</u> %	<u>2024</u> RM
Composition of distribution source:		
Income distribution	94%	35,082,333
Capital distribution	6%	2,367,000
Total distribution	<u>100%</u>	<u>37,449,333</u>

	<u>Composition</u> %	<u>2023</u> RM
Composition of distribution source:		
Income distribution	100%	32,944,467
Capital distribution	0%	-
Total distribution	<u>100%</u>	<u>32,944,467</u>

#### 13 TOTAL EXPENSE RATIO (“TER”)

	<u>2024</u> %	<u>2023</u> %
TER	<u>0.58</u>	<u>0.58</u>

Total expense ratio includes management fee, trustee’s fee, audit fee, tax agent’s fee and other expenses which is calculated as follows:

$$\text{TER} = \frac{(A + B + C + D + E + F)}{G} \times 100$$

A = Management fee

B = Trustee’s fee

C = Fund accounting fee

D = Audit fee

E = Tax agent’s fee

F = Other expenses

G = Average net asset value of the Fund for the financial year, calculated on a daily basis

	<u>2024</u> RM	<u>2023</u> RM
The average net asset value of the Fund calculated on a daily basis	<u>1,260,623,940</u>	<u>1,277,648,632</u>

## OPUS CASH EXTRA FUND

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)

#### 14 PORTFOLIO TURNOVER RATIO (“PTR”)

	<u>2024</u>	<u>2023</u>
PTR (times)	0.64	0.48

PTR is derived from the following calculation:

$$\frac{(\text{Total acquisition for the financial year} + \text{total disposal for the financial year}) \div 2}{\text{Average net asset value of the Fund for the financial year calculated on a daily basis}}$$

	<u>2024</u>	<u>2023</u>
	RM	RM
where:		
Total acquisition for the financial year	1,293,544,140	1,022,939,420
Total disposals for the financial year	321,677,316	199,259,432

#### 15 UNITS HELD BY THE MANAGER AND PARTIES RELATED TO THE MANAGER

The related parties and their relationship with the Fund are as follows:

<u>Related parties</u>	<u>Relationship</u>
Opus Asset Management Sdn Bhd	The Manager
Persons connected with the Manager	Employees and related parties to the Manager

The number of units held by the Manager is as follows:

	<u>2024</u>	<u>2024</u>	<u>2023</u>	<u>2023</u>
	Units	RM	Units	RM
The Manager	117	121	114	117
Person connected with the Manager	1,327,714	1,373,520	7,602,765	7,855,177

The units are held beneficially by the Manager for booking purposes and were transacted at the prevailing market price.

The Manager is of the opinion that all transactions with the related parties have been entered into agreed terms between the related parties.

Other than the related party disclosures mentioned elsewhere in the financial statements, there are no other significant related party transactions during the financial year or balances as at the end of the financial year.

<sup>^</sup> Includes purchase price plus accrued interest at acquisition.

\* Included in transactions with brokers and dealers are cross trades conducted between portfolios managed by the Manager.

## **OPUS CASH EXTRA FUND**

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024 (CONTINUED)**

#### **17 SEGMENTAL INFORMATION**

The internal reporting provided to the Committee for the Fund's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of MFRSs and IFRS. The Committee is responsible for the performance of the Fund and considers the business to have a single operating segment located in Malaysia. Asset allocation decisions are based on a single, integrated investment strategy and the Fund's performance is evaluated on an overall basis.

The reportable operating segment derives its income by seeking investments to achieve targeted returns consummate with an acceptable level of risk within the portfolio. These returns consist of profit and gains on the appreciation in the value of investments which is derived from unquoted fixed income securities in Malaysia.

There were no changes in the reportable operating segments during the financial year.
