9. Unit Trust Loan Financing Risk Disclosure

9.1 Investing in a unit trust scheme with borrowed money is more risky than investing with your own savings. You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

- i. The higher the margin of financing (that is, the amount of money you borrow for every ringgit of your own money which you put in as deposit or down payment), the greater the loss as well as gain on your own investment.
- ii. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.
- iii. If the unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your units may be sold towards the settlement of your loan.
- iv. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

9.2 This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan.

10. Indemnity

10.1 The Applicant hereby agrees to fully and effectively indemnify OpusAM and hold OpusAM harmless against any and all claims, losses, liabilities, costs and expenses (including but not limited to solicitors fees on a solicitor and client basis) arising or which may arise out of the Applicant's breach or violation of the terms and conditions hereunder or any third party rights, including but not limited to any infringement of intellectual property rights. The obligation to indemnify OpusAM by the Applicant shall survive the termination of the account and application form.

10.2 The Applicant hereby agrees to indemnify OpusAM against all actions, suits, proceedings, claims, damages and losses which may be suffered by OpusAM as a result of any inaccuracy of declaration herein.

11. Protecting Your Data/Information

All such information may be retained after our units in the fund have been redeemed as may be required by the relevant authority; and
- ii. OpusAM may disclose and transfer such information to the auditors and the trustee, including any of their employees, officers, directors and agents or to any third party employed to provide administrative, computer or other services or facilities to any person to whom data is provided or may be transferred as

aforesaid and/or to any regulatory authority entitled thereto by law or regulation (whether statutory or not) in connection with my/our investment in the fund.

11.3 By law, OpusAM has to request and keep investor and investor representative information to perform its obligations lawfully, fairly and competently. The Applicant consents to the processing of their personal data and information by OpusAM and agrees that such information may be made available to OpusAM's appointed custodians, licensed financial institutions, service providers, vendors, agents, advisors and any other parties in order to provide the products and/or services.
